PROFILE

Aspiring junior developer based in Belfast, building practical skills in HTML, CSS, JavaScript and Python alongside website development and UI/UX design. Hands-on experience delivering real website projects from layout through to debugging. Reliable, detail-focused and a quick learner, looking for a junior, trainee or IT support role — remote or Belfast-based — where I can learn from experienced developers and contribute to real projects.

SKILLS

Languages & Web: HTML, CSS, JavaScript, Python (learning), responsive web design

Design & Tools: UI/UX design, layout and styling, debugging

Personal: Strong attention to detail, customer service, teamwork, communication, reliability, working to deadlines

PROJECTS

YZN Studio — Website Builder Project

- Built a modern website for a digital and web design brand, focused on responsive design and clear user experience.
- Designed service pages, pricing and showcase sections with simple, intuitive navigation.

Personal Website Projects

- Built 3 websites using HTML, CSS and JavaScript to practise layout, styling and debugging.
- Improved usability and made pages more user-friendly through iteration and testing.

EDUCATION

OCR Level 3 Cambridge Technical Extended Diploma in IT *Belfast Metropolitan College — Sept 2026 – May 2028*

- Application Data Practitioner (Software Development Techniques — Web, App, Cloud). Equivalent to three A Levels.
- Key areas: application design & development (C#), web design (HTML5 & CSS), IoT & mobile development; skills in Java, Python, SQL Server and Tableau.

Information Technology Specialist — Software Development *Certiport / Pearson — Awarded January 2026*

WORK EXPERIENCE

Inventory Associate *RGIS • Current*

- Carry out fast, accurate stock counts for retail clients, working to tight time targets.
- Maintain a high standard of accuracy with numbers and attention to detail under pressure.
- Work reliably both independently and as part of a team, often with early starts and travel.

Restaurant Team Member *DarMisk • 3 years*

- Delivered strong customer service in a fast-paced environment.
- Built teamwork, communication and organisation skills while working under pressure.
